

Remunerated Contributor Agreement

dated 20 October 2025

entered into with

SundaeSwap Labs, Inc

580 California St., 12th Floor, San Francisco, CA 94104

(the “**Provider**”)

regarding

Ledger scope: Phase 2 validation development

(the “**Agreement**”)

The PRAGMA Maintainer Committee Framework ("Framework") is hereby acknowledged and accepted by the Remunerated Contributor and is included by reference as a constituent part as part of this Agreement.

Capitalized terms used but not defined in this Agreement will have the meanings assigned to them in the Framework.

Scope of Contributions:

This work will be carried out by the Ledger scope of the Amaru, details can be found in the [detailed proposal](#).

Contribution description and requirements:

The Provider will provide engineering services in support of Amaru, The Provider shall comply with all technical guidelines and governance requirements set by AMC and contribute code exclusively through the official Amaru repository (<https://github.com/pragma-org/amaru>).

The Provider shall:

- Deliver features and optimizations as defined in the Contributions and Milestones table below.
- Participate in the governance set by the scope owner and the teams involved.
- Participate in AMC review processes and ensure code meets acceptance standards.
- Address any defects identified during the two-month acceptance window at no additional cost.

All Contributions must be submitted via the Amaru Repo. Contributions shall be deemed accepted if the scope owner updates the smart contract's [Journal](#) and no defects or issues are reported by AMC within two (2) months of delivery. Any identified issues must be remediated promptly by the Provider at no additional cost.

Contributions & Milestones / Disbursement schedule:

Milestone	Description	Amount (USD)	Target Date
1	Update Amaru to be compatible with nView by reporting the correct metrics	\$16,000	Sep 30, 2025
2	Phase 2 validation: create the script context (v3) from transactions	\$16,000	Oct 31, 2025
3	Phase 2 validation: create the script context (v1 & v2) from transactions and integrate in the Amaru Ledger Produce conformance tests documentation for v1 & v2 in Cardano Blueprint	\$16,000	Nov 30, 2025
4	Phase 2 ledger rules: finalise the integration in Amaru Integrate phase 2 validation relevant ledger rules (script integrity hash; datum validation; max execution unit validation...)	\$16,000	Dec 31, 2025
	Total	\$64,000	

Payment Terms:

- Payments are milestone-based and contingent upon AMC acceptance.
- The Provider may invoice after AMC confirms acceptance of each milestone.
- Payments will be made within 30 days from receipt of invoice.

Each party shall be responsible for its own taxes and statutory obligations arising from this Agreement. The Provider is solely responsible for compensating its employees and subcontractors and for all employment-related taxes. All the Fees are exclusive of VAT, if applicable.

Miscellaneous:

- Any changes to scope or deliverables must be mutually agreed upon in writing.
